INDEX

ACTIVITY of white rat, action of caffeine ... 389
Adrenal cortex of rat ... 1
ALMQUIST, HERMAN J. Editorial review. Evaluation of amino acid requirements by observations on the chick ... 543
AMERICAN INSTITUTE OF NUTRITION. Proceedings of the eleventh annual meeting, Chicago, Ill., May 18–22 ... 247
Amino acid(s), deficiencies in rat, corneal vascularization ... 481
—— —— of raw and overheated soybean oil meal for chicks ... 725
—— —— delayed supplementation with incomplete mixtures ... 97
—— —— requirements of chick ... 543
Anasarca or generalized edema in beef cattle due to vitamin A deficiency ... 603
Anemia, anti-pernicious, liver extract in swine nutrition ... 173
Appetite for B vitamins ... 471
—— for carbohydrates ... 401
Arginine requirement of young turkey poults ... 167
ARNOLD, AARON. See Blumberg and Arnold ... 373
Ascorbic acid, reduced, in mares' milk, stability ... 113
—— —— stabilizers in fruits and vegetables ... 409
ASMUNDSON, VIGFUS S. See Kratzer, Bird, Asmundson and Lepkovsky ... 167

BAROTT, HERBERT G., AND EMMA M. PRINGLE. Effect of environment on growth and feed and water consumption of chickens. I. The effect of temperature of environment during the first 9 days after hatch ... 53
BARTON, RAYMOND W. See Mueller and Cox ... 285
BASTRON, HARRY. See Madsen and Earle ... 603
BAXTER, JAMES H. A study of the hemorrhagic-kidney syndrome of choline deficiency: protective effect of starch ... 333
BAYLIN, GEORGE J. See Handler, Baylin and Follis ... 677
Beef cattle (see Cattle, beef).
BEESON, WILLIAM M., WILLIAM P. LEHRER, JR., AND ELLA WOODS. Peas, supplemented with wheat germ or corn germ, as a source of protein for growth ... 587
BENDER, C. B. See Reid, Pfau, Salsbury, Bender and Ward ... 661
BERNHART, FINN W. See Tomarelli and Bernhart ... 263
BETHELL, JOSEPH J., VIRGIL D. WIEBELHAUS AND HENRY A. LARDY. Studies of thyroid toxicity. I. A nutritional factor which alleviates the toxicity of ingested thyroid substance ... 431
Bioassay for proteins and protein digests ... 263
Biological availabilities of ferrous sulfate and ferric orthophosphate in enriched bread ... 373
BIRD, FRANCIS H. See Kratzer, Bird, Asmundson and Lepkovsky ... 167
BIRD, HERBERT R. See Rubin and Bird ... 233
BIRD, ORSON D. See Lemley, Brown, Bird and Emmett ... 205
Blood levels and hepatic stores, vitamin A intake in cattle ... 421
—— of normal and cobalt deficient sheep, B-vitamins in ... 595
BLUMBERG, HAROLD, AND AARON ARNOLD. The comparative biological availabilities of ferrous sulfate iron and ferric orthophosphate iron in enriched bread ... 373
Borden award for 1947 ... 130
BOWLES, LESTER L. See Sydenstricker, Hall, Bowles and Schmidt ... 481
Brain hemorrhages in infant rats ... 141
Bread, enriched, ferrous sulfate and ferric orthophosphate in ... 373
—— from whole wheat, nonenriched and enriched flours, thiamine and riboflavin content ... 523
BRICKER, MILRED L., AND HAROLD H. MITCHELL. The protein requirements of the adult rat in terms of the protein contained in egg, milk and soy flour ... 491
BRIGGS, GEORGE M. See Davis and Briggs ... 295
BROWN, EWING E., JOSEPH F. FUDGE AND LUTHER R. RICHARDSON. Diet of the mother and brain hemorrhages in infant rats ... 141
BROWN, RAYMOND A. See Lemley, Brown, Bird and Emmett ... 205
BUSTAD, LEO K. See Cunha, Bustad, Ham, Cordy, McCulloch, Woods, Conner and McGregor ... 173
Butter fatty acids, nutritive value ... 455
B-vitamins (see Vitamin B).

CABELL, CHARLES A. See Madsen and Earle ... 603
Caffeine, action on spontaneous activity of white rat ... 389
CALBERT, CLARENCE E. See Deuel and Johnson ... 507
Calcium metabolism during early lactation ... 661
CALLISON, ELIZABETH C., AND ELSA R. ORENT-KEILES. Availability of carotene from carrots and further observations on human requirements for vitamin A and carotene ... 153
Caloric restriction and skeletal growth ... 677
Calories, comparative composition of rats in relation to intake of ... 581
Canned foods, nutritive value (fish products) ... 633
Carbohydrates, appetite for ... 401
CARLSON, ANTON J., AND FREDERICK HOELZEL. Growth and longevity of rats fed omnivorous and vegetarian diets ... 81
Carotene, from carrots, human requirements for vitamin A and ... 153

—— in dehydrated vegetables 565
Carrots, carotene from 153
Casein and lactalbumin for man, comparative nutritive value 285
—— utilization increased by α-tocopherol, yeast digest or xanthine .. 571
Cattle, beef, with generalized edema or anasarca due to vitamin A deficiency 603
—— dairy, mineral metabolism studies 661
—— vitamin A and hepatic stores ... 421
Cellulose in diets for chicks 295
CHEATHAM, HARRY. See Mueller and Cox 285
Chemical changes in rumen, method .. 747
Chemistry of rumen digestion 733
Chickens, effect of environment on growth, feed and water consumption 53
Chick(s), amino acid deficiencies of raw and over-heated soybean oil meal 725
—— —— —— requirements 543
—— cellulose in diets 295
—— growth factor in cow manure .. 233
—— tryptophane requirement 701
Choline deficiency, hemorrhagic-kidney syndrome 333
Cobalt a dietary essential for rabbit? 121
—— deficient and normal sheep, B-vitamins in blood 595
CONNELL, WILLIAM E. See Frey, Jensen and Connell 421
CONNER, GABEL H. See Cunha, Bustad, Ham, Cordy, McCulloch, Woods, Conner and McGregor 173
CORDY, DONALD R. See Cunha, Bustad, Ham, Cordy, McCulloch, Woods, Conner and McGregor 173
Corn germ supplementary protein for growth 587
Corneal vascularization, amino acid deficiencies in rat 481
CORYELL, MARGARET N., CHARLOTTE E. RODERUCK, MARY E. HARRIS, SOL MILLER, MARJORIE M. RUTLEDGE, HAROLD H. WILLIAMS AND ICIE G. MACY. Metabolism of women during the reproductive cycle. XIII. The utilization of niacin during lactation 219
Cow manure, chick growth factor in 233
COWGILL, GEORGE R. See Fenton and Cowgill 273
COX, WARREN M., JR. See Mueller and Cox 285
CUNHA, TONY J., LEO K. BUSTAD, WENDELL E. HAM, DONALD R. CORDY, ERNEST C. MCCULLOCH, IRENE F. WOODS, GABEL H. CONNER AND MARGARET A. MCGREGOR. Folic acid, para-aminobenzoic acid and anti-pernicious anemia liver extract in swine nutrition 173
Cytochemical study, adrenal cortex of rat 1

DAIRY cattle (see Cattle, dairy).

DARBY, WILLIAM J., EDGAR JONES, HENRY P. WARDEN AND MARGARET M. KASER. Influence of pteroylglutamic acid (a member of the vitamin M group) on gastrointestinal defects in sprue. A study of interrelationships of dietary essentials 645
DERBY, JAMES V., JR. See Russell, Taylor and Derby 621
DAVIS, FRANK, AND GEORGE M. BRIGGS. The growth-promoting action of cellulose in purified diets for chicks 295
DAVIS, RUSSELL E. See Madsen and Earle 603
DEANE, HELEN W., AND JAMES H. SHAW. A cytochemical study of the responses of the adrenal cortex of the rat to thiamine, riboflavin, and pyridoxine deficiencies 1
DEUEL, HARRY J., JR., AND RICHARD M. JOHNSON, with tech. assistance of Clarence E. Calbert, Max Fields, Jane Gardner and Bioletta Thomas. A comparison of the utilization and acceptability of fresh and dehydrated food 507
—— See Scheer, Straub, Fields, Meserve, Hendrick and Deuel 581
Dehydrated foods (see Foods).
—— vegetables (see Vegetables).
Diet(s) and sucrose solutions 351
—— cobalt essential for rabbit? 121
—— fat level of 581
—— for chicks, cellulose in 295
—— interrelationships of dietary essentials 645
—— of mother and brain hemorrhages in infant rats 141
—— omnivorous and vegetarian, growth and longevity of rats .. 81
—— purified, turkey poults on, folic acid need 621
—— self selection, appetites for B vitamins 471
—— —— —— —— —— carbohydrates 401
—— soybean oil meal 233
Digestion studies, rumen, chemistry .. 747
—— —— —— method 733
DRONE, KATHRYN. See Mueller and Cox 285
DUNCAN, C. W. See Hale, Duncan and Huffman 733

EARLE, I. P. See Madsen and Earle 603
EATON, EVA M. See McCay and Eaton 351
Edema, generalized, or anasarca in beef cattle due to vitamin A deficiency 603
Editorial review. Amino acid requirements of chick 543
Egg protein and pork protein, supplemental relationship 43
—— —— requirement of adult rat . 491
ELLIS, GORDON H., SEDGWICK E. SMITH AND ELIZABETH M. GATES, with tech. assistance of Dorothy E. Lobb and Eleanor J. Larson. Further studies of manganese deficiency in the rabbit 21
—— See Smith and Ellis 33
—— See Thompson and Ellis 121
ELLIS, NED R. See Hoagland, Ellis, Hankins and Snider 43
ELVEHJEM, CONRAD A. See Neilands, Strong and Elvehjem 633
—— See Schaefer, Whitehair and Elvehjem 131
EMMETT, ARTHUR D. See Lemley, Brown, Bird and Emmett 205
ENSOR, CHARLES. See Haldi, Wynn and Ensor 389
Environment, effect on growth, feed and water consumption of chickens 53
EVANS, HERBERT M. See Nelson, van Nouhuys and Evans 189
EVANS, ROBERT J. See McGinnis and Evans 725

Excretion, fasting-hour, of thiamine in urine by man ... 301
—— riboflavin, of young women ... 69
—— urinary and fecal, of pantothenic acid ... 189

FARDIG, O. B. See Guerrant and Fardig ... 523
Fasting-hour excretion of thiamine in human urine ... 301
Fat level of diet ... 581
Fat, milk (see Milk fat).
Fatty acids, butter, nutritive value ... 455
Fecal and urinary excretion of pantothenic acid ... 189
Feed, chickens, effect of environment on ... 53
FENTON, PAUL F., AND GEORGE R. COWGILL, with tech. assistance of Marie A. Stone. The nutrition of the mouse. I. A difference in the riboflavin requirements of two highly inbred strains ... 273
Ferrous sulfate and ferric orthophosphate in enriched bread ... 373
FIELDS, MAX. See Deuel and Johnson ... 507
—— See Scheer, Straub, Fields, Meserve, Hendrick and Deuel ... 581
Fish products, canned, vitamin content ... 633
Flour (see also Soy flour).
—— nonenriched and enriched, whole wheat, thiamine and riboflavin content ... 523
Folic acid in swine nutrition ... 173
—— —— requirement of turkey poults on a purified diet ... 621
FOLLIS, R. H., JR. See Handler, Baylin and Follis ... 677
Foods, canned, vitamins in fish products ... 633
—— fresh and dehydrated, utilization and acceptability ... 507
—— intake, moderate restriction, vs. ad libitum feeding of rats, in protein assay ... 363
—— materials, concomitant administration, action of caffeine on white rat ... 389
Foxes, nutrition of ... 131
FREY, PAUL R., RUE JENSEN AND WILLIAM E. CONNELL. Vitamin A intake in cattle in relation to hepatic stores and blood levels ... 421
Fruits, ascorbic acid stabilizers in ... 409
FUDGE, JOSEPH F. See Brown, Fudge and Richardson ... 141

THOMPSON, REGINA M. See Smith and Ellis 33
Thyroid toxicity studies 431
Tocopherol, α, and protein metabolism 571
—— effect on vitamin A in rat 205

TOMARELLI, RUDOLPH M., AND FINN W. BERNHART, with tech. assistance of Marge A. Stoneman and Fumiko Shitamae. A bioassay for proteins and protein digests 263
Toxicity, thyroid, studies 431
Trace elements and manganese, effect on calcium and phosphorus metabolism in dairy cattle 661
TRAVERS, JOHN J. See Harte, Travers and Sarich 363
Tryptophane, chick requirement 701
Turkey poults on purified diet, folic acid need 621
—— —— young, arginine requirement 167
Twins, identical, effect of added thiamine on growth, vision, and learning 691

URINARY and fecal excretion of pantothenic acid 189
Urine, effect of ingestion of riboflavin on 443
—— of normal human subjects, fasting-hour excretion of thiamine .. 301

VAN NOUHUYS, FREEKE. See Nelson, van Nouhuys and Evans 189
Vascularization, corneal, amino acid deficiencies in rat 481
Vegetables, ascorbic acid stabilizers in 409
—— dehydrated, carotene in 565
Vegetarian diet (see Diet).
VERNEY, ETHEL L. See Scott and Verney 401, 471
Viability of fresh and dried bakers' yeasts in man 311, 321
Vision, effect of added thiamine on .. 691
Vitamin(s), content of canned fish products 633
—— from yeasts, availability in man 311, 321
—— physiological availability 409
Vitamin A and carotene, human requirements 153
—— —— —— hepatic stores in cattle 421
—— —— deficiency in beef cattle with generalized edema or anasarca 603
—— —— in rat, effect of tocopherols on 205
Vitamin B, appetite for 471
—— —— complex, Mead Johnson and Company award 129, 469, 601
—— —— in blood of normal and cobalt deficient sheep 595
Vitamin M group, pteroylglutamic acid, member of 645

WALKER, NORMA F. See Robertson, Tatham, Walker and Weaver 691
WARD, G. M. See Reid, Pfau, Salsbury, Bender and Ward 661
WARDEN, HENRY F. See Darby, Jones, Warden and Kaser 645
Water consumption by chickens, effect of environment 53
WEAVER, M. REID. See Robertson, Tatham, Walker and Weaver ... 691
WEIR, W. C. See Ray, Weir, Pope and Phillips 595
Wheat germ supplementary protein for growth 587
—— whole (see Flour).
WHITEHAIR, CHARLES K. See Schaefer, Whitehair and Elvehjem 131
WIEBELHAUS, VIRGIL D. See Betheil, Wiebelhaus and Lardy 431
WILKENING, M. C., B. S. SCHWEIGERT, P. B. PEARSON AND R. M. SHERWOOD. Studies on requirement of chick for tryptophane 701
WILLIAMS, HAROLD H. See Coryell, Roderuck, Harris, Miller, Rutledge, Williams and Macy 219
Women, metabolism during reproductive cycle 219
—— young, riboflavin excretions and test dose returns 69
WOODS, ELLA. See Beeson, Lehrer and Woods 587
WOODS, IRENE F. See Cunha, Bustad, Ham, Cordy, McCulloch, Woods, Conner and McGregor 173
WYNN, WINFREY. See Haldi, Wynn and Ensor 389

XANTHINE in rat growth protein-quality test 571

YEAST digest in rat growth protein-quality test 571
—— fresh and dried bakers', vitamins from, availability in man 311, 321
